Tip

Generate Story images

1. Populate the 'Actions' row
2. Select all the stickies in the 'Actions' row
3. Open Sidekick  and use the example prompt below

Use the selected stickies to generate 4 separate images for a storyboard in a low-fi sketched style with colour. Include a woman with a neutral expression using her mobile in each.

Adjust the prompt for best results

1

Draft a Proto-Persona

Write down what information you already know about this profile

4

Make it easy to share

Let the AI flow repackage this detailed asset into an executive summary

Always review AI-generated results carefully

3

Draft the Customer Journey map

Align your cross functional team with a customer-centric view of your product or service experience

Adjust the prompt for best results

Customer Journey Map

Map customer journeys across touchpoints to identify emotions, pain points, and opportunities.

Tip

Generate Story images

A Proto-Persona is a fictional user profile that teams create from assumptions, rather than research. It’s a quick, collaborative way to align.
